ABOUT

GHRHack 1.0 is the flagship hackathon of **G H Raisoni College of Engineering & Management, Jalgaon**, aimed at fostering innovation, collaboration, and creativity among tech enthusiasts. Scheduled for **8th and 9th March 2025**, this **28-hour offline hackathon** provides a platform for students, developers, and innovators across the country to showcase their technical prowess and problem-solving abilities.

With the theme "**Code the Unexplored**", GHRHack 1.0 challenges participants to tackle real-world problems, explore cutting-edge technologies, and push the boundaries of innovation. The event promises to be a hub for groundbreaking ideas, networking opportunities, and knowledge exchange, all within an environment of healthy competition.

Message from organizing team:

Welcome to **GHRHack 1.0** – a journey where innovation meets creativity! As an organizing team, our vision is to provide a platform for aspiring innovators to challenge themselves, think outside the box, and create impactful solutions. With **28 hours of coding, collaboration, and creativity**, **GHRHack 1.0** is more than just a hackathon—it's a celebration of ideas, technology, and teamwork.

We invite you to join us in this exciting venture. Let's come together to explore, innovate, and make a difference. See you at **GHRHack 1.0**, where the future takes shape!

JUDGING CRITERIA

THE EVALUATION CRITERIA FOR THE GHRhack 1.0 2025 ARE AS FOLLOWS:

- **NOVELTY OF THE IDEA**

The idea should be original and innovative, not a copy or modification of an existing solution.

- **COMPLEXITY**

The idea should be challenging and require technical skills and knowledge to implement.

- **CLARITY AND DETAILS IN THE PRESCRIBED FORMAT**

The idea should be clearly explained and documented in the format specified by the organizers.

- **FEASIBILITY**

The idea should be realistic and achievable within the given time and resources.

- **PRACTICABILITY**

The idea should be useful and applicable to the problem statement and the target users.

- **SUSTAINABILITY**

The idea should be scalable and maintainable in the long term, without causing any negative environmental or social impacts.

- **SCALE OF IMPACT**

The idea should have a significant and positive effect on the problem statement and the target users, as well as the broader society and economy.

- **USER EXPERIENCE**

The idea should provide a user-friendly and intuitive interface and interaction for the target users, as well as ensure their privacy and security.

- **POTENTIAL FOR FUTURE WORK PROGRESSION**

The idea should have a scope for further improvement and development, as well as integration with other solutions.

REGISTRATION DETAILS

Guidelines

Eligibility

- The hackathon is open to BE/ BTech, BCA, MCA, Bsc.(CS) students.
- Participants can register only as teams (max of **3-4 members** per team).
- All team members should be from the same college; no inter-college teams are allowed. However, members from different branches of the same college/institute are encouraged to form a team.

Registration

- All participants must complete the registration process with **Devfolio**.
<https://ghrhack.devfolio.co/>
- Registration fee NA
- To celebrate **Women's Day**, we encourage all-women teams to participate and showcase their innovation, fostering diversity and empowerment in technology with special prizes.

Team Shortlisting

- Teams will be shortlisted based on their **Resume, GitHub, LinkedIn profiles, and an abstract of an innovative idea.**

NOTE : This idea submission is solely for the shortlisting process. Separate problem statements will be provided for development during the offline hackathon.

Event Format

- Participants are required to check in at least **1.5 hr** before the event starts, participants from other cities i.e **outside Jalgaon district can report a day before the hackathon.**
- Please note that GHRCEM, Jalgaon will be providing **meals and accommodation free of cost.**

Project Requirements

- Projects must be original and created during the hackathon duration.
- Teams can use publicly available libraries, APIs, and frameworks.
- The project must align with the provided themes or challenges.
